This summary document provides an overview of the common policies for the 2022 legislative session. It highlights key dates, policies, and commonly used cost assumptions. The full common policies, fiscal note staff contacts, and other helpful information are available on the [Fiscal Notes](#) page of the General Assembly's website.

Key Dates and Reminders

Cost Calculations

Below are several reminders for calculating staffing/FTE costs. Common allowable costs can be found in Table 1.

- Round FTE to the nearest 0.1 FTE and apply salary at the minimum of the range for that position.
- At least 0.5 FTE is required for capital or operating expenses to be provided.
- Calculate furniture and computer costs by rounding to the nearest whole FTE.
- Prorate first-year personnel and operating costs to account for the start date of the legislation and personnel costs for the General Fund pay date shift, if applicable.
- Provide an agency FN expense worksheet for all responses requiring calculations.
- Costs and salary may differ from the allowable common policy costs, if justification is provided.
